RG104 E-1 Box 189

American Numismatic and Archaeological Society,

ACADEMY OF MEDICINE BUILDING,

17 West 43rd Street,

New York,

RECEIVED MAR 25 1895 U.S. MINT, PHILADELPHIA

March 22 1895

Superintendent of the Mint

Philadelphia,

Dear Sir:-

Can you inform me of the Silver Medal of the Batopilas Silver Mining Co. issued in 1869 — of which I enclose a rubbing — was struck at the Mint, and, if so, how many were struck and what became of the dies? It was struck, as I understand it, from the first shipment of silver from the Batopilas Mine, and I would like very much to ascertain, as nearly as possible, the exact date of the arrival of this consignment of silver.

I want to bring this medal to the attention of the Numismatic Society, and will be greatly obliged for any information that you may be able to give me regarding it.

Very respectfully

Edward T. Bilden
